# 6 steps to create a handmade Mother's Day card

BROWSE PRODUCT

# BOSTIK

For lots of us, it's the little things in life that make us smile the most. Simple things like a message from a loved one, indulging in your favourite snack, or taking a walk on a warm day. On Mother's Day, one of the best ways to make your mum smile is a small thanks in the form of a handmade Mother's Day card, accompanied by a box of chocolates or bouquet of flowers.

Spending the time to create your very own DIY Mother's Day card helps to show appreciation for the day-to-day effort they give to make your life that little bit easier. So, to help you say thanks in a thoughtful, personal way, we've created a printable butterfly template to take your card making game to the next level.

Follow our butterfly card craft tutorial and create a personalised Mother's Day card to remember.

## Tutorial **overview**

### What you will need

#### Essential:

- 1 x Butterfly card template printed on white card or paper
- 1 x Coloured card or paper
- Paints and paintbrushes
- Coloured pens and pencils
- [Blu Stick](#)
- Scissors
- Craft embellishments

#### Optional:

- Glitter Glue pens
- [Small](#) or [Medium Foam Pads](#)

Things To Make

## Step 1: Print your butterfly card template

Print the butterfly outline template onto white card or paper – the butterflies will be the focus for this DIY Mother's Day card.

You may want to have a couple spare templates in case of mistakes.

---

#### Difficulty

#### Average time

 5-25 mins

#### Cost

## Step 2: Colour in each butterfly

Neatly colour in each butterfly as desired using paints, pencils and pens, **Glitter Glue** or similar.

We recommend painting activities to include marbling, finger/potato painting, mirroring, making different strokes using a paintbrush, bubble or blow painting.

### Tip

Using different techniques and a range of colours in the butterfly card craft will help to achieve a unique and colourful creation.

## Step 3: Cut out each butterfly

Once dry, carefully cut out each butterfly along the bold black lines and fold in half.

## Step 4: Stick your butterflies together

Apply **Blu Stick** along the crease of the fold in the centre of the largest butterfly. Attach the butterfly to the middle of a piece of folded A4 coloured card so its wings pop-out from the card.

Then, on top of the largest butterfly, use Blu Stick to attach the medium sized butterfly. Once this is secure, attach the smallest butterfly in the same way to bring a 3D effect to the Mother's Day card.

## Step 5: Decorate your 3D butterfly

Decorate your butterfly card as desired. This could include adding glitter to the butterfly's wings, drawing on some antennae or creating them using pipe cleaners, and using Blu Stick to embellish the butterfly with buttons or sequins.

### Tip

Enhance your handmade Mother's Day card by sticking some craft embellishments with [Small Foam Pads](#) or [Medium Foam Pads](#). Foam Pads easily create 3D effects, making your butterfly spring into life.

## Step 6: Your handmade Mother's Day card is done

Ta-da! You've used our butterfly card template to create a unique handmade Mother's Day card.

Don't forget to write your message and tell your mum just how special she is!

### Tip

Parents, encourage your little ones to focus on correct spelling, neat handwriting and the use of capital letters and proper nouns.
