Handmade Mother's Day card craft with printable butterfly template

You will need:

- 1 x Butterfly card template printed on white card or paper
- 1 x Coloured card or paper
- Paints and paintbrushes
- Coloured pens and pencils
- Blu Stick
- Scissors
- Craft embellishments

Optional

- Glitter Glue pens
- Small or Medium Foam Pads

1. Print the butterfly card template onto white card or paper. You may want to have a couple spare in case of mistakes.

2. Colour in each butterfly as desired using paints, pencils and pens, Glitter Glue or similar.

   We recommend painting activities to include: marbling, finger/potato painting, mirroring, making different strokes using a paintbrush, bubble or blow painting.

Tip

Using different techniques and a range of colours on your butterfly card craft will help to achieve a unique and colourful creation.

3. Once dry, carefully cut out each butterfly along the bold black lines and fold in half.

4. Apply the Blu Stick along the crease of the fold in the centre of the largest butterfly and attach it to a piece of folded A4 coloured card.

   On top of the largest butterfly, use Blu Stick to attach the medium sized butterfly. Once this is secure, attach the smallest butterfly in the same way to create a 3D effect.

5. Decorate your 3D butterfly. This could include adding glitter to the butterfly's wings, drawing on some antennae, and using Blu Stick to embellish the butterfly with buttons or sequins.

Tip

Enhance your 3D butterfly card by sticking some of your craft embellishments with Small or Medium Foam Pads. Foam Pads easily create 3D effects, making your butterfly spring into life.

6. Ta-da! You've used our butterfly card template to create a unique handmade Mother's Day card.

   Don't forget to write your message and tell your mum just how special she is!

Tip

Parents, encourage your little ones to focus on correct spelling, neat handwriting and the use of capital letters and proper nouns.
