

Bostik Leather Glue

PU ADHESIVE FOR LEATHER REPAIRS

TECHNICAL SHEET 04/10/2023

SMART ADVANTAGES

- Designed for leather repairs
- Instant bond
- Easy to apply
- Heat resistant up to +60°

DESCRIPTION

Bostik Leather Repair Clear Glue is an ultra-strong, quick drying, clear adhesive. It's perfect for making long lasting, flexible repairs to leather or imitation leather items such as shoes, belts, or bags.

USES

Bostik Leather Glue is suitable for many assembly and repair applications in and around the home and other locations. Typical items on which it is used are:

- Handbags
- Luggage
- Upholstery

It can also bond a wide variety of materials including metals, wood, glass, china, leather, felt, canvas, cardboard, certain fabrics, PVC and some plastics. It will bond all these materials to themselves or to each other and also plaster, stone and concrete.

PRODUCT CHARACTERISTICS

Technology	Polyurethane
Appearance	Translucent
Working time	5-10 minutes
Full cure	24 hours

USING LEATHER GLUE

Please read and understand the Safety Data Sheet before using this product. SDS can be acquired by visiting www.bostik.com.au.

Work on a protected area as spills can damage sensitive surfaces, such as polished, cellulose surfaces and fabrics. Wearing gloves is recommended.

Make sure all surfaces to be bonded are clean and dry, free from dust, dirt, and grease. When bonding leather, avoid spills onto the shiny side as a mark will be left.

APPLICATION

- To bond **non-absorbent** surfaces such as metal or glass, use a brush to apply a thin film of adhesive to both surfaces. Allow 5 to 10 minutes drying time and then, having correctly positioned the surfaces, press them together firmly. The bond will be instant and non-adjustable.
- If one or both surfaces are **absorbent** apply a generous film of adhesive to one surface only and immediately join the two surfaces together under pressure. *Note: using this technique, initial bond strengths will be lower.*

CLEANING

- Remove surplus adhesive using nail varnish remover or acetone.

STORAGE & SHELF LIFE

Store in a cool, dry conditions below 30°C out of direct sunlight. Shelf life is 12 months from the date of manufacture when stored as directed.

HEALTH & SAFETY

Bostik Leather Repair is highly volatile and flammable. It is therefore necessary to take the precautions applicable to flammable organic solvents. Fog formed when adhesives are sprayed must be removed by air exhausters so that there is absolutely no risk of being inhaled.

Always read the Technical Data Sheet and Safety Data Sheet (SDS) before handling or use. Full product safety information required for safe use is not included in this data sheet. SDS available by request or at www.bostik.com.au

All recommendations and suggestions are for guidance only, as conditions of use are outside of our control.
