# PROJECT SHEET

LET'S HOP TO IT!

## STEP 1. READY THE TEMPLATE

Print the template and find a clean surface to work on. Make sure you have everything you need.

## STEP 2. MAKE THE BODY

Cut one piece of green paper to the same height as the toilet roll. Wrap around the roll and glue it together. Add nose and mouth near one end of the roll (see finished project as an example).

## STEP 3. CUT OUT TEMPLATES

Cut the legs out from the template and Blu Tack to a piece of green paper. Cut around the template. Once cut out, remove the template and Blu Tack. Repeat with the tongue on red paper.

## STEP 4. GLUE TOGETHER

Glue the straight legs onto the front of the body and the bent legs onto the back. Stick the eyes on the front, with the top half of the eye above the end of the roll. Apply glue to the top of the tongue only and stick just below the mouth.
